Board of Education of Topeka in a manner that appropriately involves the public school system. The bill would further require the commission to provide the State Department of Education with these 3 alternatives from which the department would be required to select one for implementation.

The bill would require the commission, ~~every year thereafter~~, to study and provide assistance and advice to the department regarding program and curriculum development on related human rights issues.

The bill would state the intent of the Legislature that members of the commission serve without compensation, and that no public funds be used to compensate members for their expenses.
